

Green Power Advantage

Empower your sustainability goals with renewable energy.

Green Power Advantage helps you meet ESG and compliance objectives by matching your contracted IT power usage with renewable energy. Through Csquare Renewable Energy Certificates (RECs), we offset your energy consumption, providing annual attestation to support your sustainability reporting.

Why Choose Green Power Advantage?

Sustainability Made Simple

Match your IT load with renewable energy credits

Verified Impact

Receive annual attestation confirming renewable energy matching

Flexible Integration

Add at contract start, anniversary, or renewal

Quick Facts

Availability

- Offered at all U.S. sites
- Uniform pricing based on national REC market; regional REC options available
- Minimum power commitment:
 - Allocated power: 200kW
 - Metered power: 250kW

Pricing

- Monthly add-on based on contracted power
- Metered power customers billed per kWh
- Pricing adjusts annually with REC market conditions

How It Works

- RECs = 1 MWh of renewable energy
- Volume calculated from contracted power and usage
- Annual procurement and retirement of RECs through Csquare's utility provider

Reporting

- Annual attestation report available upon request
- Designed to support ESG disclosures (customer validates compliance)

The Csquare Advantage
