

Remote Hands Overview

Highly experienced onsite support for your colocation environment.

Remote Hands is a specialized service for our customers that provides hands-on assistance in the data center for routine IT tasks. Keep your team focused on strategic initiatives and rest assured our skilled on-site teams have things covered.

Your Access to Our Expertise

Remote Hands support services are performed by our IT infrastructure professionals with the right experience and knowledge to get the job done. Popular requests include, but are not limited to:

- Escorted visitor access
- Unpack and/or move small shipments to your cage
- Perform tape swaps
- Visual equipment checks
- Assist with general troubleshooting and/or configuration
- Move network cables between ports or interfaces
- Install/uninstall customer equipment
